

Your favorite neighborhood restaurants need your help!!

We are a proud member of the Independent Restaurant Coalition (IRC), an organization that is advocating for local restaurants like us, and working day and night to get Congress to pass the RESTAURANTS Act. This critical legislation would establish a \$120B grant program and help save the 500,000 independent restaurants across the nation, and WE NEED YOUR HELP to make this happen: join us in the fight to save the restaurant industry by emailing your representatives and asking them to sign on to the RESTAURANTS Act – it will only take a moment.

This situation is dire, steps like this are important for restaurants to survive. If you like eating out, please help us get the RESTAURANTS Act passed.
